2. The financial period shall consist of two consecutive calendar years, beginning with the year 2005. Until then the financial period shall consist of one calendar year.

**REGULATION 3**  
**The budget**

- 3.1 The draft budget for each financial period shall be prepared by the Registrar.

**Rule 103.1**

The Tribunal shall consider and approve the draft budget for the following financial period and shall transmit it to the Secretariat of the United Nations in sufficient time to ensure its availability to all States Parties and International Organizations at least 40 days prior to the opening of the Meeting of States Parties for its final approval.
- 3.5 States Parties and International Organizations may request the Registrar to provide clarifications on the proposed budget. Such clarifications shall be provided by the Registrar at the meeting of the Working Group.

**Rule 103.3**  
**Publication of the adopted budget**

The Registrar shall arrange for the publication of the budget as adopted by the Meeting of States Parties.

- 3.6 Supplementary budget proposals may be prepared by the Registrar if exceptional circumstances make this necessary. They shall be prepared in a form consistent with the approved budget. The provisions of these Regulations shall apply *mutatis mutandis* to the proposed supplementary budget.

**Rule 103.4**  
**Revised and supplementary budget requirements**

Revised and supplementary budget proposals may be submitted in the following instances:

- (a) when, in the interest of the administration of justice, urgent approval is required;
- (b) when they include activities which the Registrar considers to be of the highest urgency and which could not have been foreseen at the time the initial budget proposals were prepared;
- (c) in respect of decisions taken by the Meeting of States Parties;
- (d) when they cover activities mentioned in earlier budget proposals as items for which later submissions would be made;
- (e) when they involve changes in expenditure requirements associated with inflation and currency fluctuations.

**Rule 103.5**  
**Preparation of revised and supplementary budgets**

- (a) Heads of organizational units shall prepare revised and supplementary budget proposals in such detail and at such times as the Registrar may prescribe.
  - (b) The Registrar, with the approval of the Tribunal or the President if the Tribunal is not in session, shall decide on the content and resource allocation of all revised and supplementary budget proposals to be submitted to the Meeting of States Parties.

- (a) are for activities which have been approved by the Meeting of States Parties and are expected to continue beyond the end of the current financial period; or

- (b) are authorized by specific decisions of the Tribunal acting with the prior approval of the Meeting of States Parties.

**Rule 103.6**

**Maintenance of record of commitments for future financial periods**

The Registrar shall maintain a record in the accounts of all commitments for future financial periods (rule 111.7) which shall constitute the first charges against relevant appropriations once these are approved by the Meeting of States Parties.

**REGULATION 4**  
**Appropriations**

- 4.1 The appropriations adopted by the Meeting of States Parties shall constitute an authorization for the Registrar to incur obligations and make payments for the purposes for which the appropriations were adopted and up to the amounts adopted.
- 4.2 Appropriations shall be available for obligation during the financial period to which they relate.
- 4.3 Appropriations shall remain available for twelve months following the end of the financial period to which they relate to the extent that they are required to liquidate any outstanding legal obligations of the financial period. The balance of the appropriations remaining unobligated at the close of the financial period, after deducting therefrom any contributions from States Parties, International Organizations and the International Seabed Authority relating to that financial year which remain unpaid, shall form part of any cash surplus of the budget and shall be treated in accordance with regulation 4.5.
- 4.4 At the end of the twelve-month period provided for in regulation 4.3, the then remaining unspent balance of appropriations retained after deducting therefrom any contributions from States Parties, International Organizations and the International Seabed Authority relating to the financial period of the appropriations which remain unpaid shall be treated as a cash surplus as in regulation 4.3. Any obligations remaining a valid claim at that time shall be charged against current appropriations.

The provisional cash surplus for the financial period shall be determined by establishing the balance between credits (assessed contributions actually received for the financial period and miscellaneous income received during the financial period) and charges (all disbursements against the appropriations for that financial period and provisions for unliquidated obligations for that financial period).

The cash surplus for the financial period shall be determined by crediting to the provisional cash surplus any arrears of prior periods' contributions received during this period and any savings from the provisions made for unliquidated obligations as mentioned above. Any remaining outstanding obligations shall be re-obligated against the appropriations of the current financial period.

- 4.5 Any cash surplus in the budget at the close of any financial period shall be apportioned among States Parties, International Organizations and the International Seabed Authority in proportion to the contributions determined for the financial period to which the surplus relates. As of 1 January of the year in which the audit of the accounts of the financial period is completed, the amount so apportioned to a State Party, an International Organization or the International Seabed Authority shall be surrendered if its contribution for that financial period has been paid in full and shall be applied to liquidate, in whole or in part, first, any advance due to the Working Capital Fund; secondly, any arrears of contributions; and thirdly, contributions for the calendar year following the year in which the audit is completed.

While any cash surplus in the budget shall be apportioned among all States Parties, International Organizations and the International Seabed Authority, the amount so

apportioned shall be surrendered only to those which have paid in full their contributions for that financial period. Amounts apportioned but not surrendered shall be retained by the Registrar until such time as the contribution for the relevant financial period is paid in full, at which time they shall be applied as set forth above.

- 4.6 No transfer between appropriation sections may be made without authorization by the Meeting of States Parties, unless such a transfer is made necessary by exceptional circumstances and is in accordance with criteria agreed upon by the Meeting of States Parties.
- 4.7 The Registrar shall prudently manage the appropriations. The Registrar shall be accountable to the Meeting of States Parties for the proper management of the financial resources in accordance with these Regulations and the Financial Rules.

**Rule 104.1**  
**Authorization to expend appropriations**

Authorization by the Registrar to expend budget appropriations may take the form of:

- (a) an allotment of funds or other authorization to commit funds for a specific period and/or a specific purpose; and/or
- (b) an authorization for the employment of staff or of consultants.

**Rule 104.2**  
**Allotment advice**

The Registrar shall issue at least annually a detailed allotment advice to each organizational unit of the Tribunal for the objects of expenditure for which it is responsible.

**Rule 104.3**  
**Redeployment between organizational units**

The Registrar may redeploy resources among organizational units and objects of expenditure, provided such redeployments are within the total appropriations approved by the Meeting of States Parties for an appropriation section.

**REGULATION 5**

- 5.1 The funds of the Tribunal shall include:

  - (f) such other funds to which the Tribunal may become entitled or may receive.

- 5.2 The appropriations, subject to the adjustments effected in accordance with the provisions of regulation 5.3, shall be financed by:
- (a) assessed contributions from the States Parties in accordance with an agreed scale of assessment based upon the scale used for the regular budget of the United Nations in the preceding calendar year adjusted to take into account the differences in membership between the United Nations and the States Parties to the Convention, as well as a floor rate and a ceiling rate as determined from time to time by the Meeting of States Parties;
  - (b) agreed contributions from International Organizations, as determined from time to time by the Meeting of States Parties, taking into consideration the total amount of the budget for each financial period;
  - (c) contributions from the International Seabed Authority.
- Pending the receipt of such contributions, the appropriations may be financed by the Working Capital Fund.
- 5.3 For each of the two years of a financial period, the contributions of States Parties, International Organizations and the International Seabed Authority shall be determined on the basis of half of the appropriations adopted by the Meeting of States Parties for that financial period, except that adjustments shall be made in respect of:
- (a) supplementary appropriations for which contributions have not previously been determined;
  - (b) contributions under the provisions of regulations 5.9 and 5.10;
  - (c) any balance of the appropriations surrendered under regulations 4.3, 4.4 and 4.5.
- 5.4 After the Meeting of States Parties has adopted the budget and determined the amount of the Working Capital Fund, the Registrar shall:
- (a) transmit the relevant documents to the States Parties, International Organizations and the International Seabed Authority;
  - (b) inform the States Parties, International Organizations and the International Seabed Authority of their commitments in respect of annual contributions and advances to the Working Capital Fund;
  - (c) request them to remit their contributions and advances.

- 5.5 Contributions and advances shall be considered as due and payable in full within thirty days of the receipt of the communication of the Registrar referred to in regulation 5.4, or as of the first day of the calendar year to which they relate, whichever is the later. As of 1 January of the following calendar year, the unpaid balance of such contributions and advances shall be considered to be one year in arrears.
- 5.6 Annual contributions and advances to the Working Capital Fund shall be determined in euros and paid in either United States dollars or euros.

**Rule 105.2****Exchange rate of assessed contributions paid in US\$**

The equivalent in euros of contributions paid in US\$ is calculated at the most favourable rate of exchange (normally the market buying rate) available to the Tribunal on the date of payment.

- 5.7 Payments made by a State Party, an International Organization or the International Seabed Authority shall be credited first to the Working Capital Fund and then to the contributions due, in the order in which the contribution was determined.
- 5.8 The Registrar shall submit to each Meeting of States Parties a report on the collection of contributions and advances to the Working Capital Fund.
- 5.9 New States Parties shall be required to make contributions for the year in which they become States Parties and to provide their proportion of the total advances to the Working Capital Fund at rates to be determined by the Meeting of States Parties.
- 5.10 New International Organizations shall be required to make agreed contributions for the year in which they become Parties to the Convention and to provide their proportion of the total advances to the Working Capital Fund at rates to be determined by the Meeting of States Parties.
- 5.11 Contributions of entities other than a State Party, an International Organization or the International Seabed Authority to the expenses of the Tribunal shall be treated as miscellaneous income.

**REGULATION 6****Funds**

- 6.1 There shall be established a General Fund for the purpose of accounting for the administrative expenditures of the Tribunal. The contributions referred to in regulation 5.2 by States Parties, International Organizations and the International Seabed Authority, miscellaneous income and any advances made from the Working Capital Fund to finance administrative expenditures shall be credited to the General Fund.
- 6.2 There shall be established a Working Capital Fund to ensure financial resources for the Tribunal to meet short-term liquidity problems pending receipt of contributions under regulation 5.2 and to provide the Tribunal with the financial means to deal with cases, in particular those requiring urgent proceedings, to the extent that the expenditure cannot be met from the case-related costs. The amount shall be determined from time to time by the Meeting of States Parties. The Working Capital Fund shall be constituted by advances from States Parties, International Organizations and the International Seabed Authority. Advances shall be made in accordance with the agreed scale of assessment or, in the case of International Organizations and the International Seabed Authority, as determined from time to time by the Meeting of States Parties. 10.1 The Registrar shall:

- (a) establish, with the approval of the Tribunal, detailed financial rules and procedures in order to ensure effective financial administration and the exercise of economy. These rules and procedures shall be brought to the Meeting of States Parties for its consideration;
- (b) cause all payments to be made on the basis of supporting vouchers and other documents which ensure that the services or goods have been received and that payments have not previously been made;
- (c) designate the officers who may receive moneys, incur obligations and make payments on behalf of the Tribunal;
- (d) maintain an internal financial control which shall provide for effective current examination and/or review of financial transactions in order to ensure:
  - (i) the regularity of the receipt, custody and disposal of all funds and other financial resources of the Tribunal;
  - (ii) the conformity of obligations and expenditures with the appropriations or other financial provisions voted by the Meeting of States Parties, or with the purposes and rules relating to trust funds and special accounts;
  - (iii) the economic use of the resources of the Tribunal.

10.2 Obligations for the current financial period or commitments for current and future financial periods shall be incurred only after allotments or other appropriate authorizations have been made in writing under the authority of the Registrar.

**Rule 110.1**  
**Authorization**

The utilization of all funds requires the prior authorization of the Registrar. Such authorization may take the form of:

- (a) an allotment of funds or other authorization to commit, obligate and expend specified funds for specified purposes during a specified period;

- (b) an authorization to employ staff against an approved staffing table.

**Rule 110.2**  
**Certification and approval**

Notwithstanding bank signatory functions assigned in accordance with rule 108.2, all commitments, obligations and expenditures require at least two authorizing signatures, in either conventional or electronic form. All commitments, obligations and expenditures must first be signed (“certified”) by a duly designated certifying officer (rule 110.3). Following certification, duly designated approving officers (rule 110.4) must then sign to “approve” the establishment of obligations and the recording of expenditures in the accounts and the processing of payments. Expenditures recorded against an established, certified obligation do not require additional certification, provided that they do not exceed the amount obligated by more than 10 per cent or €2,500 (or its equivalent in other currencies), whichever is lower (rule 110.5). Expenditures under €2,500 (or its equivalent in other currencies) for which the recording of an obligation is unnecessary require both certification and approval.

**Rule 110.3**  
**Certifying officers**

- (a) One or more officials shall be designated by the Registrar as the certifying officer(s) for the account(s) pertaining to a section or subsection of an approved budget. Certifying authority and responsibility is assigned on a personal basis and cannot be delegated. A certifying officer cannot exercise the approving functions assigned in accordance with rule 110.4.
- (b) Certifying officers are responsible for managing the utilization of resources, including posts, in accordance with the purposes for which those resources were approved, the principles of efficiency and effectiveness and the Financial Regulations and Rules of the Tribunal. Certifying officers must maintain detailed records of all obligations and expenditures against the accounts for which they have been delegated responsibility. They must be prepared to submit any supporting documents, explanations and justifications requested by the Registrar.

**Rule 110.4**  
**Approving officers**

- (a) Approving officers are designated by the Registrar to approve the entry into the accounts of obligations and expenditures relating to contracts, agreements, purchase orders and other forms of undertaking after verifying that they are in order and have been certified by a duly designated certifying officer. Approving officers are also responsible for approving the making of payments once they have ensured that they are properly due, confirming that the necessary services, supplies or equipment have been received in accordance with the contract, agreement, purchase order or other form of undertaking by which they were ordered and, if the cost exceeds €2,500 (or its equivalent in other currencies), in accordance with the purpose for which the relevant financial obligation was established. Approving officers must maintain detailed records and must be prepared to submit any supporting documents, explanations and justifications requested by the Registrar.
- (b) Approving authority and responsibility is assigned on a personal basis and cannot be delegated. An approving officer cannot exercise the certifying functions assigned in accordance with rule 110.3 or the bank signatory functions assigned in accordance with rule 108.2.

**Rule 110.5****Establishment and revision of obligations**

- (a) Apart from the employment of staff against an authorized staffing table, and consequential commitments under the Staff Regulations and Rules, no undertaking, including by contract, agreement or purchase order, for an amount exceeding €2,500 (or its equivalent in other currencies) shall be entered into until the appropriate credit(s) has (have) been reserved in the accounts. This shall be done through the recording of an obligation(s), against which relevant payments or disbursements, made only on fulfilment of contractual and other obligations, shall be recorded as expenditure. An obligation shall be recorded in the accounts as unliquidated during the period set forth in regulation 4.3 and until such point as it is reobligated, liquidated or cancelled in accordance with regulation 4.4.
- (b) If, in the time that elapses between the establishment of an obligation and the processing of final payment, the cost of the relevant goods or services has, for whatever reason, increased by less than €2,500 (or its equivalent in other currencies) or 10 per cent of the obligation, whichever is lower, no change need be made to the amount of the original obligation. If, however, the increase in costs exceeds either of these thresholds, the original obligation must be revised to reflect this increase in requirements and further certification is required. All increases in obligations, including those resulting from currency fluctuations, shall be subject to the same procedures as apply to the incurring of original obligations.

**Rule 110.6****Review, reobligation and cancellation of obligations**

- (a) Outstanding obligations must be reviewed periodically by the responsible certifying officer(s). If an obligation is determined to be valid but cannot be liquidated during the period set forth in regulation 4.2, the provisions of regulation 4.3 shall be applied. Obligations that are no longer valid shall be cancelled from the accounts forthwith, and the resulting credit surrendered.
- (b) When any obligation previously recorded in the accounts is, for any reason, reduced (other than by payment) or cancelled, the certifying officer shall accordingly ensure that appropriate adjustments are recorded in the accounts.

**Rule 110.7****Obligating documents**

An obligation must be based on a formal contract, agreement, purchase order or other form of undertaking, or on a liability recognized by the Tribunal. All obligations must be supported by an appropriate obligating document.

- 10.3 The Registrar, with the approval of the Tribunal, may make such *ex gratia* payments as he or she deems to be necessary in the interest of the Tribunal, provided that a statement of such payments shall be submitted to the Meeting of States Parties with the accounts.

**Rule 110.8*****Ex gratia* payments**

A summary statement of all *ex gratia* payments shall be provided to the Auditor not later than three months following the end of the financial period.

- 10.4 The Registrar may, after full investigation, authorize the writing-off of losses of cash, stores and other assets, provided that a statement of all such amounts written off shall be submitted to the Auditor with the accounts together with the justifications attached thereto and brought to the Meeting of States Parties for its consideration.

**Rule 110.9****Writing off of losses of cash and receivables**

- (a) The Registrar may, after full investigation, authorize the writing off of losses of cash and the book value of accounts and receivables deemed to be irrecoverable. A detailed statement of losses of cash and receivables shall be provided to the Auditor not later than three months following the end of the financial period.
- (b) The investigation shall, in each case, fix the responsibility, if any, attaching to any official of the Tribunal for the loss or losses. Such official(s) may be required to reimburse the Tribunal either partially or in full. Final determination as to all charges to be made against staff members or others as the result of losses will be made by the Registrar.

**Rule 110.10****Writing off of losses of property**

- (a) The Registrar may, after full investigation, authorize the writing off of losses of property of the Tribunal, and adjust the record to bring the balance shown into conformity with actual, physical property. A detailed statement of losses of non-expendable property shall be provided to the Auditor not later than three months following the end of the financial period.
- (b) The investigation shall, in each case, fix the responsibility, if any, attaching to any official of the Tribunal for the loss or losses. Such official(s) may be required to reimburse the Tribunal either partially or in full. Final determination as to all charges to be made against staff members or others as the result of losses will be made by the Registrar.

10.5 Substantial purchases of equipment, supplies and other requirements as specified in the Financial Rules shall be by tender. Such tenders shall be invited by advertisement, except where the Registrar, with the approval of the President of the Tribunal, deems that, in the interests of the Tribunal, a departure from the rule is desirable.

**Rule 110.11****General principles**

Procurement functions include all actions necessary for the acquisition, by purchase or lease, of property, including products and real property, and of services, including works. The following general principles shall be given due consideration when exercising the procurement functions of the Tribunal:

- (b) The Registrar shall establish a review committee to render written advice to the Registrar on procurement actions leading to the award or amendment of procurement contracts, which, for purposes of these Regulations and Rules, includes agreements

or other written instruments such as purchase orders and contracts that involve income to the Tribunal. The Registrar shall establish the composition and the terms of reference of the committee, which shall include the types and monetary values of proposed procurement actions subject to review.

- (c) Where the advice of the review committee is required, no final action leading to the award or amendment of a procurement contract may be taken before such advice is received. In cases where the Registrar decides not to accept the advice of such a review committee, he or she shall record in writing the reasons for that decision.

**Rule 110.13  
Competition**

Consistent with the principles set out in rule 110.11 and except as provided in rule 110.15, procurement contracts shall be awarded on the basis of effective competition, and to this end the competitive process shall, as necessary, include:

- (a) acquisition planning for developing an overall procurement strategy and procurement methodologies;
- (b) market research for identifying potential suppliers;

- (e) public bid openings.

**Rule 110.14

- (b) When a formal request for proposals has been issued, the procurement contract shall be awarded to the qualified proposer whose proposal is the most responsive to the requirements set forth in the solicitation document.
- (c) The Registrar may, in the interest of the Tribunal, reject bids or proposals for a particular procurement action, recording the reasons for rejection in writing. The Registrar shall then determine whether to undertake a new solicitation, or to directly negotiate a procurement contract pursuant to rule 110.15, or to terminate or suspend the procurement action.

**Rule 110.15  
Exceptions to the use of formal methods of solicitation**

- (a) The Registrar may, with the approval of the President, determine for a particular procurement action that using formal methods of solicitation is not in the best interest of the Tribunal:
  - (i) when there is no competitive marketplace for the requirement, such as where a monopoly exists, where prices are fixed by legislation or government

- regulation, or where the requirement involves a proprietary product or service;
- (ii) when there has been a previous determination or there is a need to standardize the requirement;
  - (iii) when the proposed procurement contract is the result of cooperation with an organization of the United Nations system, pursuant to rule 110.16;
  - (iv) when offers for identical products and services have been obtained competitively within a reasonable period and the prices and conditions offered remain competitive;
  - (v) when, within a reasonable prior period, a formal solicitation has not produced satisfactory results;
  - (vi) when the proposed procurement contract is for the purchase or lease of real property and market conditions do not allow for effective competition;
  - (vii) when there is an exigency for the requirement;
  - (viii) when the proposed procurement contract relates to obtaining services that cannot be evaluated objectively;
  - (ix) when the Registrar determines that for other reasons a formal solicitation will not give satisfactory results;
  - (x) when the value of the procurement is below the monetary threshold established for formal methods of solicitation.
- (b) When a determination is made pursuant to paragraph (a) above, the Registrar shall record the reasons in writing and may then award a procurement contract, either on the basis of an informal method of solicitation, or on the basis of a directly negotiated contract, to a qualified vendor whose offer substantially conforms to the requirement at an acceptable price.

**Rule 110.16  
Cooperation**

- (a) The Registrar may cooperate with organizations of the United Nations system to meet the procurement requirements of the Tribunal, provided that the regulations and rules of those organizations are consistent with those of the Tribunal. The Registrar may, as appropriate, enter into agreements for such purposes. Such cooperation may include carrying out common procurement actions together, or the Tribunal entering into a contract in reliance on a procurement decision of a United Nations organization, or requesting a United Nations organization to carry out procurement activities on behalf of the Tribunal.
- (b) The Registrar may, to the extent authorized by the Meeting of States Parties, cooperate with a Government, non-governmental organization or other public international organization in respect of procurement activities and, as appropriate, enter into agreements for such purposes.

**Rule 110.21**

The Registrar shall establish the composition and terms of reference of the Board, which shall include procedures for determining the cause of such loss, damage or

other discrepancy, the disposal action in accordance with rule 110.21, and the degree of responsibility, if any, attaching to any Tribunal official or other party for such loss, damage or other discrepancy.

- (b) Where the advice of the Board is required, no final action in respect of the loss, damage or other discrepancy may be taken before such advice is received. In cases where the Registrar decides not to accept the advice of the Board, the Registrar shall record in writing the reasons for that decision.

##### **Sale/disposal of property**

- (a) The Registrar shall be responsible for the disposal of property by sale. The Registrar may delegate authority as necessary.
- (b) Sales of supplies, equipment or other property declared surplus or unserviceable shall be based on competitive bidding, unless the Property Survey Board:

  - (ii) considers that the exchange of property in partial or full payment for the replacement equipment or supplies is in the best interests of the Tribunal;
  - (iii) deems it appropriate to transfer surplus property from one office or programme for use in another and determines the fair market value at which the transfer(s) shall be effected;
  - (iv) determines that the destruction of the surplus or unserviceable material will be more economical or is required by law or by the nature of the property;
