FINANCIAL REGULATIONS AND RULES OF THE INTERNATIONAL TRIBUNAL FOR THE LAW OF THE SEA

INTRODUCTION

1. The Financial Regulations of the Tribunal were adopted by the thirteenth Meeting of States Parties on 12 June 2003 (see SPLOS/2003/WP.3). They were considered by the Meeting on the basis of proposals presented by the Tribunal which were based, to the extent possible, on the Financial Regulations of the United Nations. The Meeting decided that the Regulations would become effective on 1 January 2004 and would apply to the financial period 2005-2006 and to subsequent financial periods.

2. The Financial Regulations of the Tribunal were amended by the thirtieth Meeting of States Parties on 9 December 2020 (see SPLOS/30/16). The amendments to the Financial Regulations of the Tribunal are based on the revisions made by the United Nations to its Financial Regulations, as contained in document A/67/345, with a view to implementing International Public Sector Accounting Standards (IPSAS). Due regard has been paid to the Tribunal’s specific requirements. The Meeting decided that the Regulations would become effective on 1 January 2021 and would apply to the financial period 2021 and to subsequent financial periods.

4. On 7 October 2020, the Tribunal, acting upon a proposal of the Registrar, approved amendments to the Financial Rules required for the implementation of IPSAS, with provisional effect as from 1 January 2021, and decided to submit the amendments to the thirty-first Meeting of States Parties for its consideration and endorsement. The amendments to the Financial Rules of the Tribunal are based on the revisions made by the United Nations to its Financial Rules, as contained in document A/67/345. Due regard has been paid to the Tribunal’s specific requirements. On 24 June 2021, the Meeting endorsed the amendments to the Financial Rules of the Tribunal, which became effective on 1 January 2021, in accordance with the proposed amendment to rule 114.1, and shall apply to the financial period 2021 and to subsequent financial periods (see SPLOS/31/8).

They shall govern all the financial management activities of the Tribunal except as may otherwise explicitly be provided by the Meeting of States Parties or unless specifically exempted therefrom by the Registrar. The Registrar may delegate by administrative instruction authority for specified aspects of the Financial Regulations and Rules. REGULATION 2
Financial period and budget period

2.1 The financial period shall consist of one calendar year.

2.2 The budget period for the draft budget shall consist of two consecutive calendar years, the first of which shall be an uneven year.

REGULATION 3
The budget

3.1 The draft budget for each budget period shall be prepared by the Registrar.
Rule 103.1
Preparation of draft budget

(a) The Registrar shall decide on the content and resource allocation of the proposed draft budget to be submitted to the Committee on Budget and Finance;

(b) Heads of organizational units shall prepare budget proposals for the forthcoming budget period at such times and in such detail as the Registrar may prescribe and in accordance with the Financial Regulations and Rules of the Tribunal.

3.2 The draft budget shall cover income and expenditures for the budget period to which they relate and shall be presented in euros.

3.3 The draft budget shall be divided into parts, sections and, as appropriate, programme support. It shall be accompanied by such information, annexes and explanatory statements as may be requested by or on behalf of the Meeting of States Parties, including a statement on the main changes in comparison with the budget of the previous budget period, and such further annexes or statements as the Registrar may deem necessary and useful.

Rule 103.2

The draft budget shall contain:

(a) A detailed statement of resources to be allocated by parts, sections and as appropriate programme support; for purposes of comparison, the expenditures for the previous budget period and the revised appropriations for the current budget period shall be indicated alongside the resource estimates for the forthcoming budget period;

(b) A statement of estimated income, including net revenue in accordance with regulation 5.4; information on revenue-producing activities shall show estimated gross revenue and expenditure for each activity as well as the credit to the income section of the budget in respect of the net revenue from each activity.

3.4 The Committee on Budget and Finance shall transmit to the Tribunal the draft budget proposed by the Registrar for the following budget period with its comments and recommendations. The Tribunal shall consider and approve the draft budget for the following budget period and shall transmit it to the Secretariat of the United Nations in sufficient time to ensure its availability to all States Parties and international organizations at least 40 days prior to the opening of the Meeting of States Parties for its final approval.

3.5 States Parties and international organizations may request the Registrar to provide clarifications on the proposed budget. Such clarifications shall be provided by the Registrar at the meeting of the Working Group.

Rule 103.3
Publication of the adopted budget

The Registrar shall arrange for the publication of the budget as adopted by the Meeting of States Parties.

3.6 Supplementary budget proposals may be prepared by the Registrar if exceptional circumstances make this necessary. They shall be prepared in a form consistent with the approved budget. The provisions of these Regulations shall apply mutatis mutandis to the proposed supplementary budget.
Rule 103.4
Revised and supplementary budget requirements

Revised and supplementary budget proposals may be submitted in the following instances:

(a) When, in the interest of the administration of justice, urgent approval is required;

(b) When they include activities which the Registrar considers to be of the highest urgency and which could not have been foreseen at the time the initial budget proposals were prepared;

(c) In respect of decisions taken by the Meeting of States Parties;

(d) When they cover activities mentioned in earlier budget proposals as items for which later submissions would be made;

(e) When they involve changes in expenditure requirements associated with inflation and currency fluctuations.

Rule 103.5
Preparation of revised and supplementary budgets

(a) Heads of organizational units shall prepare revised and supplementary budget proposals in such detail and at such times as the Registrar may prescribe;

(b) The Registrar, with the approval of the Tribunal or the President if the Tribunal is not in session, shall decide on the content and resource allocation of all revised and supplementary budget proposals to be submitted to the Meeting of States Parties.

3.7 The Registrar may enter into commitments for future budget periods, provided that such commitments:

(a) Are for activities which have been approved by the Meeting of States Parties and are expected to continue beyond the end of the current budget period; or

(b) Are authorized by specific decisions of the Tribunal acting with the prior approval of the Meeting of States Parties.

Rule 103.6
Commitments against appropriations for future budget periods

The Registrar shall disclose the commitments against future budget periods in a note to the financial statements in accordance with International Public Sector Accounting Standards (IPSAS). Such commitments shall constitute the first charges against relevant appropriations once they are approved by the Meeting of States Parties.

REGULATION 4
Appropriations

4.1 The appropriations adopted by the Meeting of States Parties shall constitute an authorization for the Registrar to incur commitments and make payments for the purposes for which the appropriations were adopted and up to the amounts adopted.

4.2 Appropriations shall be available for commitment during the budget period to which they relate.
4.3 Appropriations shall remain available for twelve months following the end of the budget period to which they relate to the extent that they are required to liquidate any outstanding legal obligations of the budget period. The balance of the appropriations remaining uncommitted at the close of the budget period, after deducting therefrom any contributions from States Parties, international organizations and the International Seabed Authority relating to that financial year which remain unpaid, shall form part of any cash surplus of the budget and shall be treated in accordance with regulation 4.5.

4.4 At the end of the twelve-month period provided for in regulation 4.3, the then remaining unspent balance of appropriations retained after deducting therefrom any contributions from States Parties, international organizations and the International Seabed Authority relating to the budget period of the appropriations which remain unpaid shall be treated as a cash surplus as in regulation 4.3. Any commitments remaining a valid claim at that time shall be charged against current appropriations.

The provisional cash surplus for the budget period shall be determined by establishing the balance between credits (assessed contributions actually received for the budget period and other/miscellaneous revenue received during the budget period) and charges (all disbursements against the appropriations for that budget period and provisions for commitments for that budget period).

The cash surplus for the budget period shall be determined by crediting to the provisional cash surplus any arrears of prior periods’ contributions received during this period and any savings from the provisions made for commitments as mentioned above. Any remaining outstanding commitments shall be funded against the appropriations of the current budget period.

4.5 Any cash surplus in the budget at the close of any budget period shall be apportioned among States Parties, international organizations and the International Seabed Authority in proportion to the contributions determined for the budget period to which the surplus relates. As of 1 January of the year in which the audit of the accounts of the budget period is completed, the amount so apportioned to a State Party, an international organization or the International Seabed Authority shall be surrendered if its contribution for that budget period has been paid in full and shall be applied to liquidate, in whole or in part, first, any advance due to the Working Capital Fund; secondly, any arrears of contributions; and thirdly, contributions for the calendar year following the year in which the audit of the accounts of the budget period is completed.

While any cash surplus in the budget shall be apportioned among all States Parties, international organizations and the International Seabed Authority, the amount so apportioned shall be surrendered only to those which have paid in full their contributions for that budget period. Amounts apportioned but not surrendered shall be retained by the Registrar until such time as the contribution for the relevant budget period is paid in full, at which time they shall be applied as set forth above.

4.6 No transfer between appropriation sections may be made without authorization by the Meeting of States Parties, unless such a transfer is made necessary by exceptional circumstances and is in accordance with criteria agreed upon by the Meeting of States Parties.

4.7 The Registrar shall prudently manage the appropriations. The Registrar shall be accountable to the Meeting of States Parties for the proper management of the financial resources in accordance with these Regulations and the Financial Rules.
Rule 104.1  
**Authorization to expend appropriations**

Authorization by the Registrar to expend budget appropriations may take the form of:

(a) An allotment of funds or other authorization to incur commitments and expend funds for a specific period and/or a specific purpose; and/or

(b) An authorization for the employment of staff or of consultants.

Rule 104.2  
**Allotment advice**

The Registrar shall issue at least annually a detailed allotment advice to each organizational unit of the Tribunal for the objects of expenditure for which it is responsible.

Rule 104.3  
**Redeployment between organizational units**

The Registrar may redeploy resources among organizational units and objects of expenditure, provided such redeployments are within the total appropriations approved by the Meeting of States Parties for an appropriation section.

**REGULATION 5**  
**Provision of funds**

5.1 The funds of the Tribunal shall include:

(a) Assessed contributions made by States Parties in accordance with article 19, paragraph 1, of the Statute;

(b) Agreed contributions, as determined by the Meeting of States Parties, made by international organizations;

(c) Contributions by the International Seabed Authority in accordance with article 19, paragraph 1, of the Statute;

(d) Contributions by other entities in accordance with article 19, paragraph 2, of the Statute;

(e) Voluntary contributions made by States Parties, other States, international organizations, the International Seabed Authority or other entities;

(f) Such other funds to which the Tribunal may become entitled or may receive.
5.2 The appropriations, subject to the adjustments effected in accordance with the provisions of regulation 5.3, shall be financed by:

(a) Assessed contributions from the States Parties in accordance with an agreed scale of assessment based upon the scale used for the regular budget of the United Nations in the preceding calendar year adjusted to take into account the differences in membership between the United Nations and the States Parties to the Convention, as well as a floor rate and a ceiling rate as determined from time to time by the Meeting of States Parties;

(b) Agreed contributions from international organizations, as determined from time to time by the Meeting of States Parties, taking into consideration the total amount of the budget for each budget period;

(c) Contributions from the International Seabed Authority.

Pending the receipt of such contributions, the appropriations may be financed by the Working Capital Fund.

5.3 For each of the two years of a budget period, the contributions of States Parties, international organizations and the International Seabed Authority shall be determined on the basis of half of the appropriations adopted by the Meeting of States Parties for that budget period, except that adjustments shall be made in respect of:

(a) Supplementary appropriations for which contributions have not previously been determined;

(b) Contributions under the provisions of regulations 5.10 and 5.11;

(c) Any balance of the appropriations surrendered under regulations 4.3, 4.4 and 4.5.

5.4 The assessments of States Parties, international organizations and the International Seabed Authority shall be offset in accordance with regulation 5.3 by net revenue from the following revenue categories:

(a) Revenue-producing activities;

(b) Investment revenue;

(c) Services rendered;

(d) Contributions from new States Parties in accordance with regulation 5.10, new international organizations in accordance with regulation 5.11 and entities other than a State Party, an international organization or the International Seabed Authority in accordance with regulation 5.12;

(e) Other/miscellaneous revenue and unspecified contributions in accordance with regulation 7.3;

(f) Any other revenue attributable to States Parties, international organizations and the International Seabed Authority.
5.5 After the Meeting of States Parties has adopted the budget and determined the amount of the Working Capital Fund, the Registrar shall:

(a) Transmit the relevant documents to the States Parties, international organizations and the International Seabed Authority;

(b) Inform the States Parties, international organizations and the International Seabed Authority of their commitments in respect of annual contributions and advances to the Working Capital Fund;

(c) Request them to remit their contributions and advances.

Rule 105.1
Time frame for application of regulation 5.5

The Registrar shall comply with regulation 5.5 within 30 days of the decision by the Meeting of States Parties approving the budget and the level of the Working Capital Fund.

5.6 Contributions and advances shall be considered as due and payable in full within thirty days of the receipt of the communication of the Registrar referred to in regulation 5.5, or as of the first day of the calendar year to which they relate, whichever is the later. As of 1 January of the following calendar year, the unpaid balance of such contributions and advances shall be considered to be one year in arrears.

5.7 Annual contributions and advances to the Working Capital Fund shall be determined in euros and paid in either United States dollars or euros.

Rule 105.2
Exchange rate of assessed contributions paid in United States dollars

The equivalent in euros of contributions paid in United States dollars is calculated at the most favourable rate of exchange (normally the market buying rate) available to the Tribunal on the date of payment.

5.8 Payments made by a State Party, an international organization or the International Seabed Authority shall be credited first to the Working Capital Fund and then to the contributions due, in the order in which the contribution was determined.

5.9 The Registrar shall submit to each Meeting of States Parties a report on the collection of contributions and advances to the Working Capital Fund.

5.10 New States Parties shall be required to make contributions for the year in which they become States Parties and to provide their proportion of the total advances to the Working Capital Fund at rates to be determined by the Meeting of States Parties.

5.11 New international organizations shall be required to make agreed contributions for the year in which they become Parties to the Convention and to provide their proportion of the total advances to the Working Capital Fund at rates to be determined by the Meeting of States Parties.

5.12 Contributions of entities other than a State Party, an international organization or the International Seabed Authority to the expenses of the Tribunal shall be treated as other/miscellaneous revenue.
REGULATION 6
Funds

6.1 There shall be established a General Fund for the purpose of accounting for the budget undertakings of the Tribunal. The contributions referred to in regulation 5.2 by States Parties, international organizations and the International Seabed Authority, the revenue categories under regulation 5.4 and any advances made from the Working Capital Fund shall be available to fund expenditure of the General Fund.

6.2 There shall be established a Working Capital Fund to ensure financial resources for the Tribunal to meet short-term liquidity problems pending receipt of contributions under regulation 5.2 and to provide the Tribunal with the financial means to deal with cases, in particular those requiring urgent proceedings, to the extent that the expenditure cannot be met from the case-related costs. The amount shall be determined from time to time by the Meeting of States Parties. The Working Capital Fund shall be constituted by advances from States Parties, international organizations and the International Seabed Authority. Advances shall be made in accordance with the agreed scale of assessment or, in the case of international organizations and the International Seabed Authority, as determined from time to time by the Meeting of States Parties. Advances shall be carried to the credit of States Parties, international organizations and the International Seabed Authority which have made such advances.

6.3 Advances made from the Working Capital Fund to finance budgetary appropriations shall be reimbursed to the Fund as soon as and to the extent that revenue is available for that purpose.

Rule 106.1
Advances from the Working Capital Fund

(a) Advances from the Working Capital Fund may be made only for the purposes and within the terms and conditions prescribed by the Meeting of States Parties and only with the approval of the Registrar;

(b) Except when such advances are recoverable from some other source, advances from the Working Capital Fund for unforeseen and extraordinary expenses or other authorized purposes shall be reimbursed though the submission of supplementary programme budget proposals.

6.4 Revenue derived from investments of the Working Capital Fund in accordance with regulation 9.1 shall be credited to investment revenue.

6.5 Reserve and special accounts may be established by the Registrar, with the approval of the Tribunal, in accordance with these Regulations and shall be reported to the Meeting of States Parties. Trust funds may also be established by the Registrar, with the approval of the Tribunal, in accordance with these Regulations and shall be brought to the Meeting of States Parties for its consideration.

6.6 The purpose and limits of each trust fund, reserve and special account shall be clearly defined by the authority approving it pursuant to regulation 6.5. Unless otherwise decided by the Meeting of States Parties, such funds and accounts shall be administered in accordance with these Regulations.
REGULATION 7
Other income

7.1 Voluntary contributions, gifts and donations, whether or not in cash, may be accepted by the Tribunal, provided that the purposes for which the contributions are made are consistent with the nature and functions of the Tribunal. Acceptance of any such contributions, gifts and donations which directly or indirectly involve additional financial liability for the Tribunal shall require the prior consent of the Meeting of States Parties. Information on voluntary contributions, gifts and donations accepted under this regulation shall be communicated to the next Meeting of States Parties.

7.2 Moneys accepted in accordance with regulation 7.1 for purposes specified by the donors shall be treated as trust funds or special accounts in accordance with regulation 6.5.

7.3 Moneys in respect of which no purpose is specified shall be treated as other/miscellaneous revenue.

Rule 107.1
Reimbursements of expenses

(a) Within the same budget period, reimbursements of expenses incurred may be credited to the accounts against which they were originally charged; reimbursements of expenses incurred in prior financial periods shall be credited as other/miscellaneous revenue;

(b) Adjustments that arise subsequent to the closing of an extrabudgetary account (i.e., a trust fund, special account, project, etc.) shall be treated as other/miscellaneous revenue in the same account.

Rule 107.2
Receipt and deposit

(a) An official receipt shall be issued as soon as practicable for all cash and negotiable instruments received;

(b) Only officials designated by the Registrar shall be authorized to issue official receipts. If other officials receive money intended for the Tribunal, they must immediately convey this money to an official authorized to issue an official receipt;

The Registrar shall also authorize all bank account closures. The Tribunal’s bank accounts are to be opened and operated in accordance with the following guidelines:

They shall submit monthly accounts, unless otherwise directed by the Registrar;

(e) A payee’s written receipt shall be obtained for all disbursements of cash advances.

Rule 108.5
Disbursements/payments

(a) All disbursements shall be made by cheque, by wire transfer or by electronic funds transfer except to the extent that cash disbursements are authorized by the Registrar;

Every month, unless an exception is authorized by the Registrar, all financial transactions, including bank charges and commissions, must be reconciled with the information submitted by banks in accordance with rule 108.1. This reconciliation must be performed by officials having no actual part in the receipt or disbursement of funds. If the staff situation at the Tribunal makes this impracticable, alternative arrangements may be established in consultation with the Registrar.

REGULATION 9

9.1 The Registrar may make prudent short-term investments of moneys not needed for immediate requirements and shall inform the Tribunal and the Meeting of States Parties periodically of such investments.

Rule 109.1
Investment policy

(a) Short-term investments are investments made for less than 12 months;

(b) The Registrar shall ensure, including by establishing appropriate guidelines, that funds are invested in such a way as to place primary emphasis on minimizing the risk to principal funds while ensuring the liquidity necessary to meet the Tribunal’s cash-flow requirements. In addition to these criteria, investments shall be selected on the basis of achieving the highest reasonable rate of return and shall accord with the independence and impartiality of the Tribunal and the principles of the Charter of the United Nations.

Rule 109.2

REGULATION 10

10.2 Commitments for current or future budget periods shall be incurred only after allotments or other appropriate authorizations have been issued under the authority of the Registrar.

Rule 110.1

Rule 110.2
Certification and approval

Notwithstanding bank signatory functions assigned in accordance with rule 108.2, all commitments, disbursements and expenses require at least two authorizing signatures, in either conventional or electronic form. All commitments, disbursements and expenses must first be signed (“certified”) by a duly designated certifying officer (rule 110.3). Following certification, duly designated approving officers (rule 110.4) must then sign to “approve” the establishment of commitments, expenses and disbursements. Expenses recorded against an established, certified commitment do not require additional certification, provided that they do not exceed the amount committed by more than 10 per cent or 2,500 euros (or its equivalent in other currencies), whichever is lower (rule 110.5). **Rule 110.4**

**Approving officers**

(a) Approving officers are designated by the Registrar to approve the entry into the accounts of commitments, disbursements and expenses relating to contracts, agreements, purchase orders and other forms of undertaking after verifying that they are in order and have been certified by a duly designated certifying officer. Approving officers are also responsible for approving the making of payments once they have ensured that they are properly due, confirming that the necessary goods and services have been received in accordance with the contract, agreement, purchase order or other form of undertaking by which they were ordered and, if the cost exceeds 2,500 euros (or its equivalent in other currencies), in accordance with the purpose for which the relevant commitment was established. Approving officers must maintain detailed records and must be prepared to submit any supporting documents, explanations and justifications requested by the Registrar;

(b) Approving authority and responsibility is assigned on a personal basis and cannot be delegated. An approving officer cannot exercise the certifying functions assigned in accordance with rule 110.3 or the bank signatory functions assigned in accordance with rule 108.2.

**Rule 110.5**

**Establishment and revision of commitments**

(a) Apart from the employment of staff against an authorized staffing table, and consequential commitments under the Staff Regulations and Rules, no undertaking, including by contract, agreement or purchase order, for an amount exceeding 2,500 euros (or its equivalent in other currencies) shall be entered into until the appropriate credit(s) has (have) been reserved in the accounts by the certifying officer. This shall be done through the recording of commitments against which relevant payments or disbursements, made only on fulfilment of contractual and other obligations, shall be recorded as expenditure. A commitment shall remain open until such point as it is liquidated, cancelled or recommitted in accordance with regulation 4.4;

(b) If, in the time that elapses between the establishment of a commitment and the processing of final payment, the cost of the relevant goods or services has, for whatever reason, increased by less than 2,500 euros (or its equivalent in other currencies) or 10 per cent of the commitment, whichever is lower, no change need be made to the amount of the original commitment. If, however, the increase in costs exceeds either of these thresholds, the original commitment must be revised to reflect this increase in requirements and further certification is required. All increases in commitments, including those resulting from currency fluctuations, shall be subject to the same procedures as apply to the incurring of original commitments.

**Rule 110.6**

**Review, recommitment and cancellation of commitments**

(a) Outstanding commitments must be reviewed periodically by the responsible certifying officer(s). If a commitment is determined to be valid but cannot be liquidated during the period set forth in regulation 4.2, the provisions of regulation 4.3 shall be applied. Commitments that are no longer valid shall be cancelled from the accounts forthwith, and the resulting credit surrendered;

(b) When any commitment previously recorded in the accounts is, for any reason, reduced (other than by payment) or cancelled, the certifying officer shall accordingly ensure that appropriate adjustments are recorded in the accounts.
Rule 110.7
Commitment documents

A commitment must be based on a formal contract, agreement, purchase order or other form of undertaking, or on a liability recognized by the Tribunal. All commitments must be supported by an appropriate commitment document.

10.3 The Registrar, with the approval of the Tribunal, may make such ex gratia payments as he or she deems to be necessary in the interest of the Tribunal, provided that a statement of such payments shall be submitted to the Meeting of States Parties with the financial statements.

Rule 110.8
Ex gratia payments

A summary statement of all ex gratia payments shall be provided to the Auditor not later than three months following the end of the financial period.

10.4 The Registrar may, after full investigation, authorize the writing-off of losses of assets, including cash, inventories and property, plant and equipment, provided that a statement of all such amounts written off shall be submitted to the Auditor with the annual financial statements submitted in accordance with regulation 11.1 together with the justifications attached thereto and brought to the Meeting of States Parties for its consideration.

Rule 110.9
Writing off of losses of assets including cash, receivables, property, plant and equipment, inventories and intangible assets

(a) The Registrar may, after investigation, authorize the writing-off of losses of assets, including cash, receivables, property, plant and equipment, inventories and intangible assets. A summary statement of losses shall be provided to the Auditor not later than three months following the end of the financial period;

(b) The investigation shall, in each case, address the responsibility, if any, attaching to any official of the Tribunal for the loss or losses. Such official(s) may be required to reimburse the Tribunal either partially or in full. Final determination as to all charges to be made against staff members or others as the result of losses will be made by the Registrar.

10.5 Substantial purchases of goods and services as specified in the Financial Rules shall be by tender. Such tenders shall be invited by advertisement, except where the Registrar, with the approval of the President of the Tribunal, deems that, in the interests of the Tribunal, a departure from the rule is desirable.

Rule 110.10
General principles

Procurement functions include all actions necessary for the acquisition, by purchase or lease, of property, including products and real property, and of services, including works. The following general principles shall be given due consideration when exercising the procurement functions of the Tribunal:

(a) Best value for money;

(b) Fairness, integrity and transparency;
Effective international competition;
The interest of the Tribunal.

Rule 110.11
Authority and responsibility for procurement

(a) The Registrar is responsible for the procurement functions of the Tribunal, shall establish all its procurement systems and shall designate the officials responsible for performing procurement functions;

(b) The Registrar shall establish a review committee to render written advice to the Registrar on procurement actions leading to the award or amendment of procurement contracts, which, for purposes of these Regulations and Rules, includes agreements or other written instruments such as purchase orders and contracts that involve income to the Tribunal. The Registrar shall establish the composition and the terms of reference of the committee, which shall include the types and monetary values of proposed procurement actions subject to review;

(c) Where the advice of the review committee is required, no final action leading to the award or amendment of a procurement contract may be taken before such advice is received. In cases where the Registrar decides not to accept the advice of such a review committee, he or she shall record in writing the reasons for that decision.

Rule 110.12
Competition

Consistent with the principles set out in rule 110.10 and except as provided in rule 110.14, procurement contracts shall be awarded on the basis of effective competition, and to this end the competitive process shall, as necessary, include:

(a) Acquisition planning for developing an overall procurement strategy and procurement methodologies;

(b) Market research for identifying potential suppliers;

(c) Consideration of prudent commercial practices;

(d) Formal methods of solicitation, utilizing invitations to bid or requests for proposals on the basis of advertisement or direct solicitation of invited suppliers; or informal methods of solicitation, such as requests for quotations. The Registrar shall issue administrative instructions concerning the types of procurement activities and monetary values for which such methods of solicitation are to be used. Such formal and informal methods of solicitation may be conducted by means of electronic data interchange, provided the Registrar has ensured that the electronic data interchange system is capable of ensuring authentication and confidentiality of the information transmitted;

(e) Public bid openings; for purposes of bidding by means of electronic data interchange, the virtual opening of bids is considered public.

Rule 110.13
Formal methods of solicitation

(a) When a formal invitation to bid has been issued, the procurement contract shall be awarded to the qualified bidder whose bid substantially conforms to the requirements set forth in the solicitation document and is evaluated to be the lowest cost to the Tribunal;
(b) When a formal request for proposals has been issued, the procurement contract shall be awarded to the qualified proposer whose proposal is the most responsive to the requirements set forth in the solicitation document;

(c) The Registrar may, in the interest of the Tribunal, reject bids or proposals for a particular procurement action, recording the reasons for rejection in writing. The Registrar shall then determine whether to undertake a new solicitation, or to directly negotiate a procurement contract pursuant to rule 110.14, or to terminate or suspend the procurement action.

Rule 110.14
Exceptions to the use of formal methods of solicitation

(a) The Registrar may, with the approval of the President, determine for a particular procurement action that using formal methods of solicitation is not in the best interest of the Tribunal:

(i) When there is no competitive marketplace for the requirement, such as where a monopoly exists, where prices are fixed by legislation or government regulation, or where the requirement involves a proprietary product or service;

(ii) When there has been a previous determination or there is a need to standardize the requirement;

(iii) When the proposed procurement contract is the result of cooperation with an organization of the United Nations system, pursuant to rule 110.15;

(iv) When offers for identical products and services have been obtained competitively within a reasonable period and the prices and conditions offered remain competitive;

(v) When, within a reasonable prior period, a formal solicitation has not produced satisfactory results;

(vi) When the proposed procurement contract is for the purchase or lease of real property and market conditions do not allow for effective competition;

(vii) When there is an exigency for the requirement;

(viii) When the proposed procurement contract relates to obtaining services that cannot be evaluated objectively;

(ix) When the Registrar determines that for other reasons a formal solicitation will not give satisfactory results;

(x) When the value of the procurement is below the monetary threshold established for formal methods of solicitation.

(b) When a determination is made pursuant to paragraph (a) above, the Registrar shall record the reasons in writing and may then award a procurement contract, either on the basis of an informal method of solicitation, or on the basis of a directly negotiated contract, to a qualified vendor whose offer substantially conforms to the requirement at an acceptable price.
Rule 110.15
Cooperation

(a) The Registrar may cooperate with organizations of the United Nations system to meet the procurement requirements of the Tribunal, provided that the regulations and rules of those organizations are consistent with those of the Tribunal. The Registrar may, as appropriate, enter into agreements for such purposes. Such cooperation may include carrying out common procurement actions together, or the Tribunal entering into a contract in reliance on a procurement decision of a United Nations organization, or requesting a United Nations organization to carry out procurement activities on behalf of the Tribunal,

(b) The Registrar may, to the extent authorized by the Meeting of States Parties, cooperate with a Government, non-governmental organization or other public international organization in respect of procurement activities and, as appropriate, enter into agreements for such purposes.

(iv) Conditions to be fulfilled, including the Tribunal's general conditions of contract and implications for non-delivery;

(v) Terms of delivery and payment;

(vii) Name and address of supplier.

(b) The requirement for written procurement contracts shall not be interpreted to restrict the use of any electronic means of data interchange. Before using any electronic means of data interchange, the Registrar shall ensure that the electronic data interchange system is capable of ensuring authentication and confidentiality of the information transmitted.

Rule 110.17
Advance and progress payments

(a) Except where normal commercial practice or the interests of the Tribunal so require, no contract or other form of undertaking shall be made on behalf of the Tribunal which requires a payment or payments on account in advance of the delivery of products or the performance of contractual services. Whenever an advance payment is agreed to, the reasons therefor shall be recorded;

(b) Where the advice of the review body is required, no final action in respect of the loss, damage, impairment or other discrepancy may be taken before such advice is received. In cases where the Registrar decides not to accept the advice of the review body, the Registrar shall record in writing the reasons for that decision.

Rule 110.21
Sale/disposal of property

(a) The Registrar shall be responsible for the disposal of property, plant and equipment, inventories and intangible assets by sale. The Registrar may delegate authority as necessary;

(b) Property, plant and equipment, inventories and intangible assets of the Tribunal that are declared surplus, unserviceable or obsolete following a recommendation by the review body shall be disposed of, transferred or sold after competitive bidding, unless the review body:

(i) Estimates that the sales value is less than 5,000 euros;

(ii) Considers that the exchange of property in partial or full payment for the replacement equipment or supplies is in the best interests of the Tribunal;

(iii) Deems it appropriate to transfer surplus property from one office or programme for use in another and determines the fair market value at which the transfer(s) shall be effected;

(iv) Determines that the destruction of the surplus or unserviceable material will be more economical or is required by law or by the nature of the property;
(v) Determines that the interests of the Tribunal will be served through the disposal of the property by gift or sale at nominal prices to another intergovernmental organization, a Government or government agency or some other non-profit organization.

Whenever the scope of audit of the Auditor is restricted, or whenever it is unable to obtain sufficient evidence, it shall refer to the matter in its opinion and report, making clear in the report the reasons for its comments and the effect on the financial position and the financial transactions as recorded.

9. In no case shall the Auditor include criticism in its report without first affording the Registrar an adequate opportunity of explanation on the matter under observation.

10. The Auditor shall not be required to mention any matter referred to in the foregoing that, in its opinion, is insignificant in all respects.
