\*3 and 23 are the two injured crewmen who have been allowed to leave.

- Contrary to Article 73 of the Convention, Guinea has not to date sought any bond or other financial security in respect of the detention of the “SAIGA”, nor has it advised any interested party of the reasons for its action, nor has it allowed their representatives access to the crew remaining on board. Instead Guinean officials have unlawfully forced the Master to commence discharge of the cargo into shore tanks.
- The Applicants’ researches reveal that the Guineans had no grounds for the detention of the “SAIGA”. For the time being and pending further enquiries the Applicant relies on the following:

**PARTICULARS**

- The vessel was not in Guinean waters at the time of the detention.

- b) The Guineans have failed to submit their notes, official reports, or indeed any other documents establishing any offences, contrary to Article 5 of Decree No. 336 of 30 July 1980 of the Republic of Guinea<sup>2</sup> which provides as follows:

“Merchant Marine officers responsible for the surveillance of territorial waters, Customs Service officials, officers of the National Navy and, in general, all criminal police officers shall be empowered to establish that an offence has been committed, prepare an official report thereon, and conduct the perpetrator or perpetrators and their boat or vessel to the nearest Guinean port.

Within twenty-four hours of disembarkation, they must submit to the responsible Merchant Marine officer or to the Governor of the appropriate administrative region their notes, official reports and all other documents establishing the offences.”

- c) Such information as the Applicants have been able to discover concerning the detention of the Vessel is set out in an Article appearing in a local newspaper<sup>4</sup>. This maintains, amongst other things, that “SAIGA” was detained by Customs for “smuggling” in Guinean territorial waters. In this regard:
- (i) It is denied that the vessel, her owners, or charterers have even been involved in smuggling;
  - (ii) It is denied that the vessel has ever entered Guinean territorial waters;
  - (iii) Guinean Customs Officers have no jurisdiction to take such action within the Customs Code of Guinea<sup>4</sup>; and
  - (iv) Guinea has no jurisdiction to take such action within the Maritime Code of Guinea<sup>5</sup>.
- d) The Applicant is aware of previous allegations of illegal conduct perpetrated by Guinean Government entities within the Exclusive Economic Zone of Guinea. Previous incidents of which the Applicants are aware involve attacks upon other tankers including the following:
- “AFRICA” (twice)
  - “NAPETCO” (twice)
  - “TOURMALET”
  - “ALFA 1”
  - “LEONA 1”
  - “LEONA 2”
- e) In view of the above the Applicant believes that the detention of the “SAIGA”, her cargo and crew is part of a wider pattern of international piracy in which the Guinean Government are actively engaged.

**AND IN VIEW OF THE FOREGOING** the Applicant submits that the Tribunal should determine that the vessel, her cargo and crew be released immediately without requiring that any bond be provided. The Applicants are

prepared to provide any security reasonably imposed by the Tribunal to the Tribunal itself, but in view of the foregoing seek that the Tribunal do not determine that any security be provided directly to the Guineans.
